Here at Sierra Vista, we try to use our time wisely because some time during lunch our minds seem to wander and we think about our next class. To take our minds off of that horrible thought, we try to do other more exciting things. Some of these things include passing gossip, eating, and sometimes even scrounging money.

Intramural sports are of a major interest at Sierra Vista. During the beginning of the year there was intramural volleyball, soccer, and cross country and we competed with other schools. In the middle of the year we took part in track. Some events in track were the mile, the mile and one half, and the 100 yard dash. At the end of the year there was flag football, basketball, ping-pong, and the obstacle course. The grand finale was Superstars, a series of sports events.

YEARBOOK MESSAGE

It's hard to believe that this year is over. I can still remember the first day of school, the first dance, the Halloween activities, the turkey trot, and pictures with Santa. Time really flies when you're having a good time, and this yearbook will help you remember all of those good times for many years to come.

This wonderful yearbook did not just happen, it took a great deal of hard work by the yearbook staff and Ms. Lannes. Thanks to all of you for your efforts this year.

To all of the eighth graders I wish the best as you move on to high school and your final four years in secondary school. I hope you take an active part in school and make those the best years yet.

To all of the seventh graders I wish a great summer vacation. I hope to see you all back here in the fall ready to make the class of 1988 the best class ever.
